

Hello,

We invite you to help us continue to make things happen here at RBB Edgewood Schools. In the words of Henry Ford, we need individuals who “have an infinite capacity for not knowing what can’t be done”.

RBB Edgewood Schools and members of our community have a thriving partnership and a school health council. The purpose of the council is to bring together individuals and groups from our community to address issues affecting the health and well-being of our children and families. We welcome your participation, it is vital to our success.

We have quarterly meetings per school year. Our SY 23-24 first meeting on September 20, 2023 8:00 a.m. at the Service Center (address below). We hope you will accept this invitation to attend. If you plan to attend or have questions about the council, please contact Vickie Coffey, the Nutrition Services/Healthy Schools Director at vcoffey@rbbschools.net

We believe more can be accomplished together than alone. The complex social problems our young people face require a united effort if we are to improve the quality of life for children and families living in the school district. Please join us to make our community and schools more positive, health-promoting places to dare, prepare and care.

Sincerely,

Vickie Coffey
Nutrition Services/Healthy Schools Director
