

SCHOOL PICTURE DAY IS COMING

We will be sending out emails about our Same Day School Picture system of letting you see the pictures before you spend your hard-earned money. If you don't receive an email soon, check your spam or junk folder as they sometimes go there. If you don't get the emails please contact us. If you prefer to get a printed proof sheet please let us know also.

To contact us go to
www.Sheldon.net and click on Support.

No more buying school pictures before you see them!

Sheldon School Pictures brings the 21st century to picture day. On picture day we photograph the students then match the names with the pictures using the latest technology. Using this cutting-edge technology parents can see their kids' pictures on their phones or computers quickly after they are taken. Once an order is placed it's printed and on the way by US Mail usually within 48 hours of being ordered. No more paying for pictures before picture day and then waiting 4-6 weeks to even see how they turned out. Many times the finished pictures are delivered within 7-10 days of ordering and are shared with family and friends. Just send your student to school in their picture day outfit and that's all you have to do.
